

A diagram illustrating the concept of an Umbrella FEP. At the top, a green umbrella-like shape is shown with a black handle and a black pivot point. The text "Umbrella FEP" is centered within this shape. Below the umbrella, four ovals represent "tiered actions": "Information Provision EA", "Marine Reserves EA or EIS", "Forage Species EA or EIS?", and "Other EAs/EISs". A green box at the bottom left contains the text "FEP plan team develops 'status of the ecosystem' document (similar to SAFE) for Council decision making", with a green arrow pointing upwards towards the "Information Provision EA" oval. The text "tiered actions" is positioned to the left of the ovals.

## Umbrella FEP

- Discusses regulatory role
- Defines geographic scope
- Specifies management unit species

“tiered actions”

Information  
Provision  
EA

Marine  
Reserves  
EA or EIS

Forage  
Species  
EA or EIS?

Other  
EAs/EISs

FEP plan team  
develops “status  
of the ecosystem”  
document (similar  
to SAFE) for  
Council decision  
making
