

Please Note:

Regulations for recreational salmon fishing have been change by inseason action

The area from Leadbetter Point, WA, to Cape Falcon, OR, will close effective at 2:00 p.m. Sunday, August 17, 2008. All other restrictions remain in effect.

Effective Sunday, August 17, 2008, there will be a transfer of 1,000 coho from the commercial fishery in the area from the U.S./Canada Border to Cape Falcon, OR, to the recreational fishery from Leadbetter Point, WA, to Cape Falcon, Oregon to allow this last day of fishing. Because of differences in hook and release mortality, this transfer results in a recreational quota increase of 1,200 coho in the Columbia River ocean area.
